

COPYRIGHT FORM

Title of Paper/Article:

Author(s):

i. License of publishing rights

I hereby grant to the Journal an exclusive publishing and distribution license in the manuscript identified above and any tables, illustrations or other materials submitted for publication as part of the manuscript (the “Article”) in print, electronic and all other media (whether now known or later developed), in any form, in all languages, throughout the world, for the full term of copyright, and the right to license others to do the same, effective when the Article is accepted for publication. This license includes the right to enforce the rights granted hereunder against third parties.

ii. Supplemental Materials

With respect to Supplemental Materials that I wish to make accessible through a link in the Article or on a site or through a service of the Journal, the Journal shall be entitled to publish, post, reformat, index, archive, make available and link to such Supplemental Materials on a non-exclusive basis in all forms and media (whether now known or later developed), and permit others to do so. “Supplemental Materials” shall mean additional materials that are not an intrinsic part of the Article, including but not limited to experimental data, e-components, encodings and software, and enhanced graphical, illustrative, video and audio material.

iii. Scholarly communication rights

I understand that I retain the copyright in the Article and that no rights in patents, trademarks or other intellectual property rights are transferred to the Journal. As the author of the Article, I understand that I shall have:

- a) The same rights to reuse the Article as those allowed to third party users of the Article under the CC-BY License, as well as
- b) The right to use the Article in a subsequent compilation of my works or to extend the Article to book length form, to include the Article in a thesis or dissertation, or otherwise to use or re-use portions or excerpts in other works, for both commercial and non-commercial purposes. Except for such uses, I understand that the license of publishing rights I have granted to the Journal gives the Journal the exclusive right to make or sub-license commercial use.

iv. User rights

The publisher will apply the Creative Commons Attribution-Non-commercial-No Derivative Works 4.0 International License (CC-BY) to the Article where it publishes the Article in the journal on its online platforms on an Open Access basis.

The CC-BY license allows users to copy and distribute the Article, provided this is not done for commercial purposes and further does not permit distribution of the Article if it is changed or edited in any way, and provided the user gives appropriate credit (with a link to the formal publication through the relevant DOI), provides a link to the license, and that the licensor is not represented as endorsing the use made of the work.

v. Reversion of rights

Articles may sometimes be accepted for publication but later rejected in the publication process, even in some cases after public posting in “Articles in Press” form, in which case all rights will revert to the author

vi. Revisions and addenda

I understand that no revisions, additional terms or addenda to this License Agreement can be accepted without the Journal’s express written consent. I understand that this License Agreement supersedes any previous agreements I have entered into with the Journal in relation to the Article from the date hereof.

GENERAL TERMS

- The undersigned represents that he/she has the power and authority to make and execute this assignment.
- The undersigned agrees to indemnify and hold harmless the QJES from any damage or expense that may arise in the event of a breach of any of the warranties set forth above.
- In the event the above work is not accepted and published by the QJES or is withdrawn by the author(s) before acceptance by the QJES, the foregoing copyright transfer shall become null and void. Even in this case, QJES will retain an archival copy of the manuscript.
- For jointly authored Works, all joint authors should sign, or one of the authors should sign as an authorized agent for the others.
